### Chapter 1 by Cameron Stonecipher

#### Prologue

One day Lucy was looking at pictures of previous wizards that had been in fairy tail before her, she stumbled on a picture of three people, one if them being a man in a black cloak and an eye patch. Everyone in the picture had a smile except the guy in the black cloak , the guy with the eyepatch had a blonde guy with a yellow and white cloak in a headlock and there was a girl with white hair and eyes the color of a starry night, she kind of looked like Mirajane. the girl was behind the two guys was almost trying to break them up. there was also a small dog on her shoulder with a judging face expression.

"He had a bald spot there ever since," Lucy whirled around to see Mirajane looking over her shoulder Lucy let out a big sigh

"oh it's just you Mirajane, you scared me" Lucy said. Mirajane giggles

"oh sorry!!!" "By the way Mirajane do you know these guys" Lucy said curiously.

" Well I did sorta have a crush on one of the guys when I was younger, and...I still do actually."Mirajane said blushing.

" What are their names?"asked Lucy curiously.

"Well the blond haired boy is Spencer and the dark haired boy is Reaper," Mirajane said.

"Why is his name Reaper?" Lucy asked. "Even I don't know and I knew him and his brother," Mirajane said.

"And who's the girl trying to break them up?" Lucy asked. "The girl with the white hair and starry eyes," Mirajane said. "log on her shoulder" she said. "kind of looks like you," Said Lucy.

"oh that's Isabel, and the dog was named Fero I think" Mirajane said.

"Hey Mirajane, where are they? I haven't seen them around the guild." Mirajane looked off into the distance like trying to recall.

"Well they left almost three years ago, actually the guild master expelled them for going after a godlike being then a couple of years a guild started to rise in ranks Reaper is the guild master of that guild the guild is called The Devil's huntsman-" Mirajane was cut off by Lucy's gasping.

"The Devil's Huntsman? The third most powerful guild in Fiore, I've heard that most of their wizards have types of slayer magic like Natsu's, right?" Lucy said with lots of excitement.

Mirajane baffled continued.

"yes you are corr-" once again, Lucy cut Mirajane Off.

"but wait the guild master is named Asura... how long were they here, why did they leave ,what kind of magic did they have?!"

" Shut up" Mirajane yelled Lucy was shocked

"let me explain by showing you Isabel's diary" she walked over to the massive bookcases and pulled out a small leather bound book brought it back Blew some dust off.

"so let's get started" she said as she opened the small book.

"Excuse me do you know where the fairy tail guild is." Said a young woman with hair as white as the snow itself.

"yeah It is on top of the hill."said one of the villagers

"but why?"

"Thank you, to answer your question I wanted to join fairy tail!" the girl said happily. then she left for fairy tail.

"Wow legendary Fairy tail and I'm going to join. how exciting Fero" She started to go up the stairs and opened her book of wizards from her satchel. Then once at the top of the stairs ran straight into a man that was wearing a pitch black cloak with his hood on. He turned to look at me and he was glaring at me with one eye and the other eye had an eye patch. he drew his sword and threw it at me before it hit me a blonde man caught it with his index and middle

finger

"Brother, it is not nice to throw swords at people" said the blonde man. He pulled a small bottle out of his jacket.

"Bad brother bad! Don't hurt such cute things" said the blonde man. He pulled the hood down and the man in the dark hood he hisses and backs.

"Y-you think I'm cute?" I said blushing. Then I notice he was cuddling with Fero next to me.

"Oh you're soooo cute" I go up and punch him in the back of the head."ouch what was that for?" The blond man said.

"That's for not thinking I'm cute." I said angrily. But then I noticed the fairy tail symbol on his jacket

"sorry, sorry I did not notice you're in the guild" I said. So I help him up." Thanks." Said the blond man.

"by the way what's your name" I said. "The names Spencer and the man in the dark hood his name is Reaper he hates the water that's in this squirt bottle" Spencer said.

"oh" I said looking up at reaper.

" why is his name Reaper "I said "oh I always called him that because he looks like the grim reaper." spencer said. "well my name is Isabel". Reaper jumps off the roof then hisses something in Spencer's ear.

" so what brings you here Isabel was it" Spencer asked

"I'm here to join fairy tail" I said excited.

"Then come on in I'll send word to the headmaster that we have a new recruit here."Spencer said. As they walk up to the door.

"This might get crazy" Spencer said then I notice lots of crashes and yelling. He pushes the doors open

"Welcome to Fairy Tail" I look in and there is a huge fight going on.

" Oh my..." just before I finished what I was Saying a chair flew my way. Reaper luckily was there, he caught the chair before it hit me. Slamming it back down he jumped in the brawl and started to beat up the guy he first laid eyes on. He had Pink hair and a scarf and quite a few years younger than Reaper but he is definitely quite strong for someone his age.

"Reaper quit beating up Natsu" yelled Spencer angrily.

"He's only 12." We start walking in he started telling me people's names.

" Well and last but not least this is the headmaster." Spencer said. At the counter was a short small man wearing a orange and yellow jester outfit

"This is master Makarov" the little man turns

"Hi I see Spencer found another recruit, welcome."Makarov said.

"Reaper quit it NOW!!" said Spencer quite angrily walking to Reaper. "so how do I join" I ask. "well first, a fairy tail member that is new has to go on a easy quest with them" he points at reaper and Spencer.

"so we can evaluate your magic, then you can join the guild." Makarov said. Spencer came back holding Reaper by his cloak.

"so are you going to join our party? welcome, Reaper go pick a job." Spencer said dropping him. Reaper ran forward to the job board.

"Fero, I think you should stay here" I said. Fero looked sad but then she agreed. Reaper was still scanning the board quickly he picked one and brought it back to Spencer.

"Destroy a small dark guild good for 30,000 jewel " he turns to me "So you ready to join The Crimson Battalion?"

Spencer

We arrived at the Fierce Deathrain the dark guild that we are supposed to destroy.

"Well here we are." I said. "Hey Isabella this is your first mission you should be excited not scared." I said as I saw Isabella's face full of worry and doubt. I looked at Reaper he just stood there arms crossed.

"Well we better introduce ourselves" Isabel said as she walked up to the big dark mahogany door.

"Dragonhide!" she said and she suddenly got covered in ice seconds later the ice exploded off her and she looked like a dragon she reeled back and punched the doors and they flew off their hinges.

"Jeez we don't need everyone here to know we are here to destroy them." I said slightly irritated by the fact she just blew open the doors, Reaper just stands there wide eyed and startled at the girl who just blew open door by punching it. We walk up behind her to see that the place was chalked full wizards.

"wait something is not right here" I said "yay you guys walked straight into our trap" said one of the female dark guild members. I turn to Isabel and said

"you see this is why we don't blow in doors." seconds later more Evil wizards seem to

materialize out of the ground and walk

"Well this was unexpected, leave" I said cracking his knuckles. I put my hand out in front of me

"Hail fire!!" I shout and a fire ball comes out of my hand and hits the wizard which caused a huge dust cloud to surround me, when it dissipated I was wearing my mithril battle plate and

resting my Mage blade named Hail Fire on my shoulder

"lightning tsunami!" I spin Hail Fire then stab it into the ground once in the ground a giant surge of lightning appeared under me and a big Wave flowed out and consumed and electrocuted everyone in the room but me, Isabel, and Reaper. I hear a gasp from Isabel

"you killed them?" I start to reassure her that I did not kill them but simply put them in a coma like state. Then I Noticed that Reaper senses another target that resisted my attack. A person landed on the ground and drew a sword and sprinted at Isabella. Reaper instantly teleported in front of Isabella and caught the blade and delivered a massive uppercut which knocks the man out. A big man falls from the ceiling causing a big explosion of white fire and rocks flew from the ground. I at reaper and he got a look that means that he is going to unleash himself on to this opponent so I pick up Isabel and ran outside.

"Hey put me down" she says yelling at me. I look over my shoulder to see a huge explosion of white fire and a big man stood up at the center of the explosion

"Welcome to the Deathrain the dark guild I'm Aodhfionn Stoker." What I didn't see was that when the man fell from the ceiling some shrapnel ripped off Reapers eye patch. A few seconds later I saw his eye patch on the ground.

"oh no." I said worried running away from a dark explosion that's about to engulf us. Seconds after we got to a safe distance we turn around to a column of black fire that did not feel natural came shooting out of the guild. It looked like Aodhfionn was punching the hell out of Reaper

"Are you going to help him?" Isabella yelled as she latches onto my jacket.

" Just watch." I said. After a few minutes Aodhfionn was sweating like a pig. "How are you not dead yet?" Aodhfionn said angrily and also quite confused. "It's simple." I yelled to Aodhfionn.

"you are simply just too slow for Reaper." I turn to Isabella and explain

"Reaper is just too powerful for most opponents" Aodhfionn winds up for another huge punch but Reaper also winds up. Aodhfionn started to shout as he threw his last punch his arm ignited in a white flame; Reaper was almost a mirror reflection but his arm engulfed in black fire we also noticed there's a little red in it. both of the fists collided and there was an explosion of white and black flame Aodhfionn's armor that was on his arm Blew off. I shout

"GET DOWN." We jumped in a ditch then I look up and see waves of white and black fire flying

"Right, we should head back." I said looking Reaper in the eyes.

"Let's go Isabell hurry up" I said dissatisfaction obvious in my voice.

"I'm coming hold your horses." Isabel said. As she said that she still is probably a few meters away from us. Reaper looks at me and then looks down sadly.

"Don't worry she's just a little shocked to see you have a lacrima eye." I said. Reaper looks even more depressed that I said that.

"But don't worry she'll get over how scary you are and see that you are a caring person. But don't tell her about our strengths and weaknesses yet." I said thoughtfully. Reaper nods slowly understanding why Isabel is scared of him. When we returned I turn in the quest form and reserve our 30,000 jewel I walk back to Isabell.

"Here is your cut." and I give her 10,000.

"thanks but I don't need it." Isabel said.

"But don't you need to eat?" I said. As I said that her stomach starts to growl. "You're right I should take the money." She gets something to eat. Later she sees it's getting late.

"you want us to walk you home?" I said.

"What home? I don't have one yet." said Isabel.

"Well you can stay at our place until you can buy yourself a house." I said. Reaper looks up nervously.

"Oh don't be a worrywart." I said softly in his ear. after we got something to eat I said

"ok let's get going." we start walking out onto the street and we turn onto Rosie Hill Road

"We live up on Ivory point" I said

"why is it called Ivory Point?" Isabel asked me

"it's called Ivory Point because it is on a hill and the mansion has a view of the ocean" I said and continued.

"but when the sun hit the horizon it makes the ocean look silver." as we walked we didn't noticed the flower garden we had entered

"wait you two own a mansion?" Isabel said in shock but then she noticed some flowers and seems to forget about the mansion.

"man, these flowers are amazing" Isabel said as she bent over and smelled a group of sky blue

"well, see you later." I said as I ran the way we came back to the guild.

Isabel

The fact that Spencer left me with Reaper and Spencer winks at him before he leaves makes me think that reaper might like me.

"No" I thought Reaper is a A class wizard he would never like me. While I was thinking to myself Reaper bought some of the blue Buttercups that I liked, I looked at him and he was holding out the flowers with one hand the other was in his pocket, and he was looking away with his face red as a rose.

"thank you" I said as I accepted the flowers, we start walking toward Ivory point. when we got to the top I saw why they call it Ivory point the sun was setting and the ocean looked like it was made of silver

"this is so cool" I said I felt very tired and I started to rest on Reaper, he put his arm around me and rested his head on mine.

"what are you two love birds doing" we both jumped away from each other, we turn to see Spencer standing there with his cloak draped over his arm both of us were blushing Reaper shoved his hands into his pockets started muttering under his breath he pushed past Spencer walked up to huge mansion that I had not noticed when we arrived on the hilltop

"welcome to the Reinhart estate." Spencer said

"I'll give you the tour" we entered the first thing that I saw was this huge entrance hall on the other side of the hall there was a big staircase with a giant picture of Reaper and Spencer and someone I didn't know. As I was studying it Spencer said

"that's our father." He said grimly.

"Where is he?" I said. Reaper looks away sadly and Spencer's eyes silhouetted in his cloak. "He's dead... He's been dead for years." He said as his face was grim but there was sadness in his voice.

"Oh I'm sorry...how did he die?" Spencer just looks at me smiling.

"let's forget about that let's just go on" As we were walking I notice that Reaper was not

following us he just kept looking at the floor he clenched his fist

"Reaper are you alright?" I say to him he looks up at me and jumps up to the second floor and ran into the window

"Did I say something wrong?"

"No he's just gets emotional when we talk about our dad, or anyone he cares about that died ." Spencer said

"but let's keep on with the tour" Spencer walked me threw the game rooms, Kitchen and the three living rooms but we arrived at two big sliding doors

"since we first met I thought you might like this" he said as he slid the door open it was a huge library I walk in awe struck turning round and round looking at all the books.

"Is this our library well...actually it's Reapers." Spencer said.

"And why is it Reapers?" I ask.

" because he wrote most of these books some I helped with... But mostly his work." He said cheerfully. I walk up to a bookcase labeled wizards & magic scanning I find a section on God slayers, but I see that there are only two books one of them on a guy named Zancrow.

"Hey Spencer who's Zancrow" Spencer yawned then he said

"he's a guy who you would not like, he's crazy and he uses the divine fire" I open the book but he keeps talking.

" let me put like this, he's like you but fire" then I opened the other book to see it was empty.

"Hey Spencer why is this book empty?" when I did not hear an answer I turn to see that he was sleeping.

I thought so I drag him to a chair

I prop him up on the chair I grab a blanket. I grab a candle and light it I start walking toward the wing that Reaper ran into before I reach the entrance the flame that was on the candle started to float off and it went into the hallway it was very interesting so I followed it. I noticed that the walls of the wing they were made of stainless steel but it was covered with scorch marks but the flame had floated into a room that had a super thick steel door but then I see Reaper sleeping, but it seems that he was having nightmares. So I go up and lay in the bed next to him and cuddles up with him, I notice that his expression changed it seems to be happy. The next morning I awoke to see that I had fallen asleep I look to see Reaper waking up. I start to feel like i'm blushing. Reaper woke up to see Isabel looking at him, his face was so red. we both looked at one another blushing until Spencer kicked down the door literally and yelled.

"GOODMORNING." Reaper shot up to the ceiling and hung there. He looks over to see me

I blink a couple times with him "A... what are you doing up there?"

I look up to see that reaper is on his ceiling like always. But what I did not expect to see is that Isabel is in Reaper's bed.

"Why are you in Reaper's bed Isabel?" When she realized that she was in reaper's bed, she immediately turned red in the face.

"why do you do that Spencer?" Isabel said.

"Because it's funny to see you guys embarrassed." I said chuckling. Just then reaper dropped back down to the ground and punched me in the back of the head and growled at me.

" Oh come on reaper I'm just trying to lighten up the mood here." I said half in pain.

"do you want me to make breakfast?" Isabel said. we all head into the kitchen

"what would you like?" Isabel asked

"could you make something common... I don't know Eggs and bacon" I say we enter the kitchen, Isabel stopped the only thing in the kitchen was jade colored marble walls

"where did the sink,table and fridge go" Isabel said as she turned around to me I yawned I walked over to the wall next to her and when I hit it panels started to open an island rose from the floor a sink moved from an opening in the wall and a window opened over the sink

"well where do you keep them" Isabel asked I responded with

"there in the fridge."

"where in the fridge?" she asked I walk over to a big opening on the wall where nothing was there I turn to face isabel then I hit the wall with my elbow and two panels opened up from the wall I see that Isabel was staring like she was dead in front of the fridge

"w...w...why is the fridge half full of ghost peppers?" She said.

"Oh yeah... About that,Reaper only eats ghost peppers... Or anything with them In it." I say.

Reaper just walked up to the fridge and grabbed a jar walked back he grabbed a blender from a lower cabinet, he gave the plug to me put about nine to ten peppers and from the cabinet he grabbed a handful of jalapenos and dropped them in with the ghost peppers. I pinched the metal parts of the cord he started up the blender and I felt a tingly feeling in my fingers,and I was feeding the blender electricity. then he turned off the blender the peppers turned into a light green shake . A few minutes later the ghost pepper shake was done. Reaper pours all of it in two cups. He hands one to Isabel she looks at the glass then at me I shake my head telling her not to

“Fero!!!” she shouted Sprinted outside Reaper just looked at me we shrugged our shoulders and we joined her. When we reach the guild the little dog was outside

“I’m sorry, for leaving you here” Isabel said to it. I bend down

“come here little guy” It started to move toward me it pounced on me and knocked me over

“where did you take her you Shiz’ nugget?” I knocked him off me. I scamper behind Reaper

"Jeez it wasn't me it was him." I point at Reaper. Reaper just looks angrily at me. the little red Puppy eyes bore holes into Reaper

“okay” it said then it trotted over to Reaper and held out his paw

“hello I’m Fero Isabel’s guardian” I was awestruck

“wha... what” I said Fero turned and looked at me and said

“I don’t like you, you're one of those fancy shmancy guys who have no respect for women” the words echoed in my ears I grabbed at my chest where my heart was

“oh!!! Your words hurt me so” I said sarcastically. Isabel chuckled, I stand back up

“well you ready for your second mission as a member of the Crimson Battalion” I said Isabel looked me straight in the eyes and said “yes” We walk inside surprisingly there is no fight going we go up to the job request board but before we could find a good job Makarov walked down from upstairs

“ I’ve been waiting for you” he yawned

“I Have a job for you."

"What is it old man?" I said.

" I need you to investigate some village." He said.

“it had some strange things happen to it and I want you to investigate”

“well do you know anything about this town” I ask

“no I don’t” I walk closer

“so how much jewel are we talking?” I ask “hundred thousand jewel” makarov said. I hear Isabel gasp

“that's fine we could use the money.”

"I need to scan your hand so you can enter Behemoth, this might hurt" he placed my hand on the console for a couple of seconds nothing happened then I felt a little pin prick

"ow!!!" I said looking down at my fingertips little beads of blood were coming out. almost instantly the door slid open I entered and there was a small living space with a two chairs a Completely black one and a yellow, a ladder lead up to a upper floor

"hey would like to go up the the cockpit" Spencer said we climbed up into a big room with one seat as I was checking out the rest of the cockpit Spencer called me over and said

"shh get down Reaper is right there" he pointed he was right in front of the truck I crouch down Spencer reached for a button on the steering wheel but suddenly he slapped himself in the face

"whoa what was that" I say astonished I stood up and saw Reaper staring at me. Spencer stood up and opened the window next to him

"nice but you should have reacted faster Reaper." I was completely confused.wait... what!"

Spencer turned to look at me like I was crazy then his face looked like he had a revelation

"that's right you don't know the types of magic we use I'll tell you on the way to this mysterious village" he walks back to the ladder before he climbs all the way down

"wait here I have a surprise for you" a few minutes later I got bored and climbed down the ladder and I saw Spencer carrying a pink chair

"who's that for" this startled Spencer he almost dropped it on himself

"um you,the chair is for you" he said

"well you did not need to. I walked over to the yellow chair and sat down in it

"aahh! that's my chair" he yelled. Reaper walked in passed him and sat down in his black chair. he set down the chair with a big sigh he sat down in the chair and he slid down and crossed his arms with a Huge sigh. Reaper got up and walked over to the ladder and climbed up to the cockpit couple seconds later a giant revving started it made me jump, Fero jumped out of my arms and trotted over to Reapers chair.

"Man this is one comfy chair" Spencer sat up it looked like he was about to say something but kept it to himself then Reaper appeared in front of Fero, then Spencer got a smirk on his face Reaper reached out his arm like he was going to pick Fero up to move him, but he just patted Fero on the head

"Also did you know according to legends about Angels they were allegedly the creators of the gods?" I start laughing I look back at him and he looks serious.

"oh you're serious" I quickly stop laughing all we hear is the rumbling of the wheels

"so what magic does your friend use?" Fero's voice cut through the quietness

"he's part..." A giant explosion cut Spencer off

"what was that, are we being attacked" Spencer shook his head

"no there probably a giant rock in the middle of the road why don't we go check" Spencer gets up and walks over to the ladder so do I on the way up another thundering explosion when I get up there is a huge rock in front of the car with Two giant blast marks. Reaper was hanging his head thinking.

"I think a combined blast will punch right through it" Spencer Suggested. Reaper looked at him like he's saying that's a good idea. he teleported outside reeled his arm back then launched it forward into the rock a couple of seconds passed then big black cracks formed in the giant rock Reaper hurried back in Behemoth After he was inside all the cracks in the rock was completely black. He looked at me then flicked his fingers and the rock imploded which made pebbles fall from the sky like it was raining he sits back down in the pilot seat and the car jolts forward we climb back down

"So as I was saying, Reaper is part Barbas or a Fear Demon, but if you want a specific meaning."

"so you're saying that he's part demon?" I say.

"the thing that eat people's souls" Spencer nods his head "cool".

"Actually the demon is trapped in Reaper" Spencer added." how does that work" I asked

"well we don't know how but It's just always been stuck in him" Spencer leaned in close and whispered in my ear

" The demon's name is Flereous he's one of the big guns down in hell, his name means Fear God of Hellfire" suddenly The car came to a stop I start climbing the ladder

"It better not be another Rock, I think we're behind schedule" I Noticed that we were on a cliff overlooking a bunch of smoldering building Spencer came up behind me when he saw the spectacle He didn't say anything. For a couple of seconds we all stood there awestruck then Reaper grabbed the controls and continued down the path until we got there. Everything was

"whoa so this was caused by a person?" I said. Reaper nodded his head but then suddenly his head shot up and faced toward an alley and we walked toward it. We were walking down the alley then Reaper put up his arm which told us to stop he turned and looked at the wall next to us he ripped off his eyepatch, stopped and scanned, then pulled back his arm then plunged it into a wall and pulled a soldier out of the wall, then pinned him to the wall. I notice that he was wearing a crest of demon and angel wings crossed on his breast pocket Spencer Noticed it too he grabbed him from Reaper and punched him in the face.

"where is he, where is Zazriel!!!" he shouted at the soldier.

"I...I don't know what your talking about man I know nothing of him." said the soldier really scared.

"Maybe the others might know...or...or the major." He said.

"Major??? Who is your Major?" Spencer said.

"I can't tell he will kill me." the soldier said.

"You'll be dead now if you don't tell us." Spencer said angrily. I Suddenly hear the thumping of feet, Reaper starts to sniffle. another soldier poked his head out of the hole. Reaper starts to take in breath for a sneeze.

"GET DOWN" spencer said to me as he ran and hid behind a steel roofing that just happened to be there. I hid behind Spencer, just in time too. Reaper sneezes and a concentrated blast of black flame and it shot straight through eight buildings, the soldiers that looked through the hole in the wall was gone.

"whoa their heads they're....they're gone" Reaper grabbed my hand and we ran out to the town center but Spencer beat us to it he stood there with with Hailfire hanging out on his shoulder I saw that there was a fire in his eyes soon we were surrounded by Soldiers

"You killed him and I'll ma-" A giant explosion hit Spencer a man that was a guy bigger than the other soldiers. He was wearing a bunch of bombs across his chest and a hammer slung on his back

"hahaha this is going to be a piece of cake" the big man laughed then he suddenly stopped noticing that Spencer had not moved an inch from the attack. "You have guts to Attack someone while they're talking." Spencer said smiling evilly.

"Spear of lucifer" and pierced through the majors armor and a giant bolt of lightning shot from the sky and struck the butt end of the spear shocking the major killing him and reduced him to ash .

"Oh my gosh, you killed him." I said. Completely ignoring me, Spencer had an evil smile upon his face.

"Time for you fools to die." Spencer said. Suddenly Spencer launched forward and continued his killing spree upon slaying all but one, He turned to face the last soldier Spencer slowly walked slowly toward him.

"So you're the last one I'm guessing?" while Spencer was talking Reaper rushed forward.

Seconds after, Spencer lunged at the man but Reaper tackled Spencer and pinned him down using shadows Reaper stood up and crossed his arms

"hey what the hell are you doing, there the ones that killed our father." Spencer said. I looked at his eyes and I was shocked to see that his eyes are a different color. It's all black except for the irises they are pure gold It was fading in and out.

"Reaper let me go" Spencer shouted but Reaper didn't let up he pulled a Cardboard Box the size of someone's head once Spencer saw it he screamed and started struggling harder Reaper ignored his screams and slid it on his head. Once on Reaper let go of him his shadows slid away and spencer jumped up and started to run around hitting his head on the remains of broken walls.

"whaa.....?" I said very confused. Reaper walked over a wall that the man was cowering against, Reaper plunged his fist into the wall and pulled the wall down with the man attached to it. The man was terrified Reaper walked closer and put his hand on the soldier's head, but Reaper suddenly fell to his knees

"Reaper!!" I shouted and sprinted forward But he held his hand up at me and I stopped in my tracks he stood back up. I started to hear the shuffling of feet on gravel I turned around to see that Zazriel's men Running to their ship that I had not noticed before I start moving forward. Reaper just stuck his arm out and stopped me. We waited until the ship was on the horizon I turn around to see Spencer still running into walls, I walk over to him and pull the box off of his head.

"God I hate cardboard boxes" Spencer said. I walked back to Reaper he pulled out a notepad and started writing then he held it up to his eye and looked at it. I was actually terrified by them.

"Just imagine all the paper cuts" Spencer finished. Reaper got up and walked over to Behemoth unlocked the door. I followed him. When I was in the cockpit I saw him hunched over a Computer screen. I look over his shoulders he was calculating

coordinates a Crosshair appeared in the middle of the ocean, suddenly I noticed that it was moving but slowly

"how did you get those coordinates? and how are they moving" Reaper then wrote down onto the notepad 'I read that man's mind'

"oh yea I forgot to tell you about Reaper's ability to read minds." Spencer said seemingly appearing out of nowhere.

"His Ability allows him to completely scan someone else's memories."

Isabel

When we got back Spencer marched straight up to Makarov

"you knew that Zazriel sent his men there...that's why you sent us." Spencer said angrily.

"Correct ." Makarov nodded.

"I wanted them as far away from here as possible."

"but why us? You know we would try to go after them and try to take them down so why?"

Spencer argued.

"Because I wanted you to scare them into leaving" Makarov said still sitting to the counter

"then let's go after them and kill Z-"

"NO!!" Makarov shouted

"you're not ready" Spencer grunts and stormed out smashing a table on the way out

"Reaper go get him, Isabel come here" I walk out over to him as Reaper runs outside

"what is it master" I ask

"I want you to not let Reaper or Spencer out of your site, especially when both are together got it?" I nod and I run after them but Reaper was just outside waiting for me

"hey Reaper wheres Spencer" I said then all the sudden I felt something flat hit the back of my head and I black out. When I awake I notice that I'm in hargeon the port town. I stand to see

Reaper and Spencer talking to a Captain I go over and punch Spencer in the back of the head

"what the heck, you knock me out so you can drag me here you know you could've just asked" I yell

"hey precautions man, and I was kind of angry" He said

does not mean I need the extra beating. Reaper Whooped me good for knocking you out. I look over at Reaper he was red in the face. I heard I go over and hug him on the arm.

"Thanks" I said. the man turned around and I hugged him back around.

"So where am I taking you" the captain said. Spencer took out a map and pointed to Nomizu.

"The other continent? that is going to cost you" The captain said Spencer sighed "how much"

"10,000 Jewel" he said Spencer dug in his pocket and pulled out a small leather bound sack "you're going to need more than that" Spencer plopped the sack in the man's hands the he almost fell over

"holy crap what's in here?"

"10,000 jewel" he stood back up and walked on the the boat

"welcome aboard the Anger of the seven seas I'm Captain Owen Timbers" "thank you" I said as we walk aboard but Reaper stayed on the dock looking fearfully at the swaying of the ship

"Come on Reaper It's just water" I said. "hey look at me look at me got it? look at me and take a couple steps toward me." Reaper looked up at me and started to walk onto the boat straight to me "off we go" Owen said.

"wait for me" I turn to see Fero running after us the ship started to move

"Come on Fero" I shouted he ran as fast as he could he made it to the the end of the dock, Fero jumped and made it to my arms "whoa that was close" he said. Quickly it became night and Owen said that we could use his cabin. when we entered the room was coated in gold and a fine pink.

"Serially Owen, Pink? dude that isn't cool at all" Spencer said

"It's salmon not pink"

"you guys can have the bunks over there" he pointed to the west wall and three bunks were above one another

"I call top bunk" Spencer said but Reaper got the first

"man that sucks" Spencer said so he dropped his stuff on the second bunk. Reaper almost fell asleep the second the his head hit the pillow Fero curled up next to Reaper so me and Spencer started talking

"so Spencer... How did you guys meet and what was he like when you two were little?"

"Reaper was... I don't know how to put this... he's a survivor, the man who laughs last, he's been able win every fight I've been in except one" Spencer said

"which one was it" I asked

"you know when you're a kid there were bullies" he said

"well, Reaper had seven" I gasped

"one day they took it

far after school one day they were throwing rocks at him, one

struck his throat which made his vocal cords collapse that is way he can't talk"

I made no comment cause I was starstruck

"but then the Demon showed his face for the first time and then annihilated the entire town. at the time I was out with our father when he sensed the foul presents of the Barbas. so we rushed to the desolate town and when we got there it was too late. there was a small child no more than five sitting and crying in the center of the giant crater" Spencer said

"so my father took him as his own and taught him how to control the Flereous power into a magic art called Demon slayer" He said

"my father was an exorcist mage"

"what's that" I asked

"I don't really know" Spencer said

"But then how did you get your powers" Well mine was kind of a special case.

Flash back

my father said I was supposed to be dead when I was born but Michael came and said he had a vision about me and another boy defeating the archangel of treason. So michael revived me and said

"he has a gift cherish him until death because yours is soon" michael said. My father didn't see the gift that I had until a grown man tried to rob us one day and stabbed my father. I was terrified that I didn't protect my father and I just started to cry I didn't know how to heal but then his stab wound healed and he started breathing normally again. My father said I passed out after he woke up from a near death experience and michael came back and said his powers and soul were descended upon him by that of a powerful angel and now the archangel of treason is coming after us and trying to destroy us but he needs the other child as well. so Michael told us to act as travelers until we have the other child with us and safe from harm. So Michael taught me how to control my powers in my dreams.

Flashback ends

"And that's how I got my angel slayer magic. I'm still working on a couple of new moves that Michael is teaching me so don't wake me up if I Collapse Randomly " Spencer finished.

"and what about you, how did you get it this power of a god" Spencer asked me

"well my father was an author and my mother thought magic was bad cause of black magic so I had to learn it all by myself " I said

"I want to read where you got your books from" Spencer asked. Finished about with one thousand pages without sleeping

"without sleeping" Spencer shouted in amazement

yes without sleeping this

"and how old were you when you read that book" Michael asked

"I was nine" after I said that Spencer just sat there mouth wide open

“that is just crazy. but not as crazy as Reaper he went a whole week without sleeping because we received a letter in the mail that was a death threat.” I gasp

“ did you guys know who it was?” Spencer shook his head no

“ we were only nine at the time and Reaper was angry so he stood awake all night for the rest of that week.” suddenly Owen entered with two cups of a mysterious liquid that looked like coffee

“Burning the midnight oil I see you guys must be thirsty here it's some brew that I made myself.”

“thanks” I said gladly accepting the cup. Spencer grabbed his cup and chugged it down. “Thanks man” Spencer said . Then Owen pulled out a stamp looking thing he walked over to Reaper and stamped it on Reaper’s and Fero’s forehead when he lifted it it was a sleep seal

“What the?” I said after I finished drinking the ale I look back over at Spencer was face down unconscious my vision started to tunnel All I heard was the captain laughing and calling to out to someone. When I awoke I see that we're on the deck I try to move but I was chained down

“tisk tisk looks like the little Princess is up good morning” I look up and a girl with white hair and blue pirate hat and coat, I look around to see Spencer, Reaper and Fero still out she walks over to then and slaps them in the face I gasp both of them woke up instantly but Spencer seemed different Fero woke up and started to growl and bark at Iva.

“who... who are you” Spencer said waking up from Fero’s barking so did Reaper.

“well that a great question” she said

“my name is Iva

“so you Challenge the captain of this ship?” Iva said smiling

“you think you can beat me? you must have a death wish.”

“no I just know I’m going to win, cause I’m facing a girl!!” Spencer said confidently some of the crew started to laugh Iva looked back at them menacingly and they stopped immediately

“what are your terms” she asked “If I win you will take us to wherever we want.” Spencer said

“ but if you lose I get all of your stuff and I kill you” she said

“and now choose your dueling weapon.” she said as a table was wheeled out in front of Spencer

“no thanks” Spencer said

“tempting but I brought my own, Hail fire!!” as Hail fire landed in his hand a giant dust cloud surrounded Spencer

"so say you." Spencer said. And he advanced with an underhanded sword stroke but Iva blocked the underhand stroke. They Parry and strike almost in unison as they strike each other. Finally Spencer caught her stroke and interlocked his sword with hers.

"You're good but not good enough." Spencer said. He looks up and shouts

"angel style... Zeus's bolt!!!" Iva looks up and sees the bolt about to strike her but it stopped in mid air then zoomed over the side of the ship and into a dark and stormy hurricane cloud that none of us noticed before. Suddenly a sky shattering Roar thundered from the cloud

"what was that?" I said. then a huge shadow figure flew down from the cloud .

"what...is ...that?" she said Worried and angry that something interrupted her battle

"Open fire take it out of the sky ." Iva shouted I flinched at the thundering ignition of the gun power and the launching of the cannon balls but the huge Figure splashed down into the water before the cannons hit it everybody looked over the side of the ship

"I can't see it" said one of the crew members said

"Wait I think I see something" he said we all ran to the side of the boat rocking it slightly at first I could not see anything but then a shadow under the water kept getting bigger

"Everybody get back" I shouted I shoot ice onto the surface

"belay that arm the cannons, when that thing beaches the surface open fire" Iva said I keep putting layer after layer of the water. But then the thing breached and broke the ice like it was nothing. before the crew could fire a thing flapped it's giant wings and knocked everybody back I sat back to see a Dragon, it had dark blue scales and a yellow under belly

"whoa" I said in amazement

"I am Tempest dragonlord of Storms and I need you to stop and turn around" Tempest said

"and why should we!!!" Spencer shouted

"by the orders of Zazriel the Archangel of Treason" Tempest said

"turn around now or I will have to kill you"

"Spencer, I think we should listen to the giant dragon" I tell him

"fine" Spencer said and yelled to turn the ship around

"Haha you are just like your father, A coward" Tempest chuckles Spencer stops dead in his track

"what did you say" Spencer said under his breath.

"you heard the young ladies, little boys and boys" Tempest said Spencer turns around and shouts back

"you take that back or you're going to die"

"you, your father and you" Tempest said Spencer turns around and shouts

forward but Spencer puts his hand out to hold him back when he looks at Spencer his eyes were black

again but this time these glowing marks of bone were fading in and out

“now” Spencer said then looked up with a smirk  
“you’re going to die” then a spear made of lightning formed in his hand and as fast as lightning Spencer charged the dragon jumping off the boat, seeming to be flying at Tempest but he just sighed and took one slash at Spencer and Spencer crashed back into the ship and Tempest opened his wings and flapped them and grabbed me and Iva with his claws  
“no!!!” Fero shouted  
“this is your last warning turn around or I kill these women.” I see Reaper and Spencer Flinch  
“return them now or I will kill you!!!” Spencer shouted  
“ha you already tried, that was your only chance” but then Reaper suddenly disappeared then he reappeared was suddenly flying and in front of Tempest  
“oh look it’s Reaper the one fused with a demon” Tempest said  
“you’re the only one that I can look straight in the eye unlike your Cowardice brother” the second that left Tempest’s mouth, Reaper was lit up with fire and was shooting a column of black fire up into the air up into the sky and when it hit the clouds they lit up and they turned blood red thunder shot threw the heavens and two giant fingers plunged through the clouds and ripped them open and a giant demon with eight glowing red eyes and four arms and was all black Tempest just scoffed.  
“you think that a simple Demon will scar me you’re underestimating me, and I don’t like that.”

Then it came down on tempest and hit him like a ton of bricks.

“Where is Spencer?” tempest said

“Lucifer's spear!!!” Spencer yelled lightning form in his hand to form a spear formed in his hand.

“take this you overgrown flying turtle.” he hurled the spear at tempest and it just bounced off his scales. Tempest started laughing.

“you think lightning will affect me I am Dragonlord of storms you Imbecile I was told to keep you two alive but you have been pestering me long enough. Time to die.” he roared with anger. He swatted Reaper away and charged at Spencer.

“First you are going to die a coward just like your father.” he said. That's when Spencer seemed

to snap. Spencer's eyes went back to the black eyes and gold irises, he stopped the charge with his two hands and he seemed to be holding his breath. He caught Tempest's charge. Spencer's hands started to glow lightning and his lightning was speeding up inside of Spencer. Tempest all of a sudden was in front of him and grabbed Spencer then began to squeeze

"argh" Reaper ran to his brother. Reaper put his hands an equal distance from each other and he made claws out of his fingers and a beam of Maroon fire shot up from the ground and it left a hole in the deck at the same time black flames were swirling around him from his shadow then he put both of his palms together and a beam of fire shot forth, the beam hit Tempest's arm and severed it, And it crashed onto the deck with Spencer unconscious. Tempest screams of pain wear outrageously loud

"You will regret this Reinhart's" Tempest shouted then he sucked up and all the lightning flown to his jaws and a giant ball of lightning formed

"roar of the storm dragon" Tempest shouted Reaper signaled to get behind him Reaper ran in front of Spencer he made some weird hand signals and then a giant shield with swords sticking out from behind the on each arm. Reaper slammed them down on to the deck which broke the wood under them, then Tempest erupted in an sky shattering roar and a giant beam of lightning shot toward us

I thought when the beam hit we slid back a couple feet then the lightning stopped Reaper looked back at me with smile but then a claw knocked him up into the air and Reaper was in pain Tempest punched him back down both Reaper and Iva screamed in pain

I thought Tempest was looking at Reaper

"Ice make: clone and Dragonhide" I shouted and another me appeared next to me and both of us got covered in ice I could feel the armor covering me tempest looked over to see two giant upside down icicles he leans closer and I grab his nose and pull him closer I brake out of the Ice and jump and slam down on his head my Ice clone jumps out and freezes Tempests legs to the deck. I put my hand into a ice make wizards hand signal

"Ice make: Ice caliber" and a handle forms in my hand and I pull and the blade forms as I move my hand away as I was forming my clone and tried freeing Iva, after a while my clone was formed. when the blade got fully formed I flipped It to a big one handed Claymore

"goodbye you giant flying turtle" I said and almost slammed the blade onto Tempest's neck but he flapped his wings which knocked me down Tempest turned to my clone and hit it the ice clone flew back and both the mast and the clone shattered on impact.

"You will come to regret this Yeager." Tempest Said retreating. I collapsed extremely tired from

“so now what” then suddenly the ship cracked and we all looked over to the center of the boat where we blocked Tempest’s attack there was a giant hole, cracks started to appear  
“oh crap” a thundering crack sounded and the ship split in half we slid back  
“were sinking somebody do something” I said  
“maybe I won’t do anything” Spencer said  
“Why not”  
“because you slapped me” he said  
“that was not nice” Reaper just rolled his eyes put his hand on my shoulder and grabbed Fero suddenly we were on an Island. Reaper lifted his arm off me then he was gone seconds later he came back holding Spencer like a baby.

Isabel started laughing

“hey what are you laughing a-” a huge explosion cut me off Reaper turned around so I could see Iva’s ship was sinking

“Iva’s going to kill us” I said

“Reaper turn around” he turned

“we have to go after Tempest, Reaper put me down” It seems that Reaper was not listening

“so... it looks li-” all the sudden Reaper dropped me. I stood back up and spat out sand

“what the heck Reaper” I said Reaper pointed at the sky where a giant path cut through the clouds.

“so that is the direction that they went” I said angrily.

“Zazriel...he did this! I noticed that Tempest had a Obedience seal on his shoulder...”

“which means that he is obedient to this Zazriel guy... Right” Isabel said

“correct how did you know that” Spencer said surprised

“hey I read books unlike you” she said

“how would you know?”

“when our father was killed” Reaper looked down and teleported to another island near the one that we were on and I see beams of fire shooting up into the air

“he just needs to let out some steam” I said

the way our father was killed was Zazriel the Archangel of treason he crushed his heart right in front of us” Isabel just looks at me

We were walking down a path in the northern mountains when six monks jumped us one of the monks stepped out in front

"Ugast you are coming back with us"

"father who are these people" I asked he did not answer

"if you have come to fight you'll get one" Ugast said

"no we have not come to fight you, but Zazriel will" the monk said I noticed my father's face when the monk said the name

"Zazriel" it was a face of terror the monks put there hands out and started chanting some kind of ancient language Father turned to me and said

"Spencer take Reaper and run, as far from here as you can go Spencer" so I grabbed Reaper's hand and ran but Reaper insisted that we stay, so we hid behind a rock and watched the monks finished the chanting. a giant white light shown down from the sky Father charged at the monks but the light stopped him and picked him up by his neck he was getting choked by invisible arms then a body appeared it was an archangel.

"hello Ugast I've heard a lot about you... you know up stairs" the being said jokingly

"go to hell Zazriel" Father said

"haha man you're funny you know I can't" Zazriel chuckled

"You will if you kill me"

"god you're hilarious it sucks that I have to kill you" he plunged his hand into Father's chest I close my eyes hearing his screams of pain they slowly faded away I open my eyes to see Zazriel laughing but he suddenly stopped and he fell to the ground he was grunting the screamed and light emitted from his eyes and mouth then a pulse of blinding light blinded me for a moment, then I see that Zazriel's wings fell off

"what have you done to me old man" He shouted as he picked father's body back up and shaking it around then threw his body back down, I looked at father on the ground, I turn around and I grab Reapers arm and we try running from Zazriel, but I stepped on a twig and Zazriel looks up and suddenly we could not move, one of the monks had purple beam of what looks like his hand but bigger and was grabbing us and pulling us back we fell down as we were getting dragged

"well well well Ugast was busy" Zazriel said

"finally, Kindle you hatred young child" Zazriel said I noticed that Reaper got back up and he looked pissed and he started to make hand signals I instantly recognized them

"Reaper don't!!! father told you not to" Zazriel looked over I could see that he recognized the hand signals

"no stop" he said as he charged at him. suddenly Reaper stopped. then gripped his chest, Zazriel threw a dagger, then it disappeared, I saw it hit reaper, then a giant black explosion came from Reaper. it destroyed the monks. it was right about hit me but, I suddenly blacked out. When I woke up Reaper was crumpled up I walk up to him

"hey Reaper are you okay" I asked he turned around there was a dagger in his eye

"whos this Reaper person... oh he's this meat sack that i'm stuck in" Reaper said in a different voice.

"what the hell... who are you and what have you done with my brother?"

"I'm Flereous the demon god of Fire and Fear I'm the one sealed in this tiny pathetic pig" Flereous said

"and for this...Reaper he is in a sleeping state while I control his body"

"what are going to do about that dagger" I said he did not respond Flereous just ripped it out he grunted. He reached into the eye socket and pulled out the dead eye all the sudden some Lacrama started to form in his eye he stuck Reapers arm out and a black eye patch that seemed to absorb all the light around it.

"I will see you again angel slayer" Flereous said then Reapers body fell limply I rush over

"Reaper!!!" I said there was no response soon after Reaper woke up from he had a searing pain in his eye from the dagger wound but when he reached to the eye he felt the eye patch and he put his hand down his eyes were silhouetted

"Reaper are you okay-" I was cut off because Reaper put his hand up at that moment he stood up and walked over to a giant rock wall he punched it as hard as he could at the wall. A Giant hole was engraved into the wall then he used his obsidian knife and wrote our father's name under the hole

"rest in peace." I read aloud I unsheathed my gold infused obsidian knife and wrote also under the rock

"I could wizard and helped father"

"because your life is so sad" Isabel said through sobs abruptly. Reaper appeared next to me, and Isabel stops crying.

"how about to follow the dragon I make a boat with my ice and Reaper will use his flames to move it and you will be look out." Isabel said sniffing still.

"that's fine...speaking of boats Iva is going to kill us when we save her." I said

"we will worry about that later. Ice make: God blessed vessel." me and Reaper looked at Isabel disappointed

"hey I didn't pick the name of the spell"

"well it sure sounded like you did" I said.

"just shut up and let me concentrate you two." Isabel said. A boat was slowly formed but when it was fully formed, it was a giant Buza sides covered in viking shields with a terrifying Demon head on it Reaper looks at me.

"Reaper wants to tell you two things, one he likes it and good job" Isabel looks at Reaper happily.

"Aww thanks Reaper." Reaper just blushes.

"ooooh Reapers got a girlfriend and you turned a new shade of red" I said jokingly. Reaper did turn a new shade of red, Reaper punched me in the arm.

"full sail ahead and Follow that trail." I said.

"I'm the captain here Spencer it's my boat" Isabel said while steering the ship,

"You Spencer are climb the mast and keep watch, You Reaper" Isabel turned and pointed to Reaper you are to propel this vessel" She commanded.

"since when did she become a royal pain In my-" Isabel hit me in the butt with a icicle

"ow okay, okay i'm going yeesh." I said in pain when I got to the top I shouted back down at Reaper "do north Rudder man. Hahaha" I said.

Isabel

We have been floating until dusk and just as swiftly it became night. Reaper signaled me to sleep so I created a Ice clone then I grabbed Fero and fell asleep the second I closed my eyes I was surrounded by watercolor flames , also floating on my ice boat I immediately stood up

I thought

"Sorry I should introduce myself my name is Zazriel" the angel said with a low bow. I instantly create a frozen dagger

"hey hey hey I'm not here to fight, I'm here to negotiate." Zazriel said.

"you killed Reaper and Spencer's father in cold blood and for that I will kill you." I said.

"you're making a mistake Isabel." he said frustrated.

"and which mistake is that." I said angrily.

"just hear me out you can't let Reaper find me" Zazriel said

"Oh I wonder why maybe it's cause you killed his father" I said sarcastically I charged him and swung my dagger he just teleported behind me

"the demon in him will kill him from the inside there will nothing left of your precious" I immediately stop in place seeing me frozen Zazriel stood fully up swiped off the dirt on his robe

hellscape around us intensified

"now that we got that out of the way, the demon that is in Rea-" I Cut Zazriel off

"his name in Flereous Fear God of Hellfire I know Spencer told me"

"Damn that Spencer, knows how to kill fun, he's the only one that pisses me off and him and Flereous feels the same way about me since I killed him" he said

"what does this have to do with Reaper losing it beyond control?" I said.

"because if he goes near me Flereous will take control and kill me while killing Reaper." Zazriel said. I looked at him horrified.

"You mean...?"

"yes he will die so keep him away from me but I need Spencer."

"why do you need Spencer?" I asked. "never mind just keep Reaper away and bring me Spencer."

he snapped and I woke up Reaper was standing over like he was about to wake me up Spencer shouted from the crow's nest

"enemy airship dead a head" he was pointing up into the air I stood up to see a giant flying white warship with angel wings Reaper grabbed me and Fero both of us teleported up to Spencer then all the sudden we were in a big open white room Reaper suddenly collapsed

"Reaper!!!" I shout I crouch down next to him and he was awake. all at once a heavy flapping of wings Reaper and Spencer stiffen the second they hear it I turn around to see a golden throne a figure was flying down from the ceiling it had white and black wings flowing out of the form they suddenly turned into a navy blue suit. The figure was a man wearing white shirt, red tie and a brown leather vest

"welcome Reinhardt's" Zazriel said

I charged right at Zazriel.

"I'll kill you." I shouted. suddenly two people appeared in front of me. I heard a scream come from behind me.

"SPENCER STOP!!!!" I stopped abruptly and turned around to see tears streaming down Isabel's face.

"Spencer stop those are my parents"

"Mom... Dad" Isabel said as she ran up to them with Fero at her heels she fell to her knees.

"They can't hear or see you" Zazriel said

"they are only projections they are safe and sound in my house I'll release them now since you brought me Spencer."

"Zazriel why did you have to bring them into this." she said

"you know Zazriel?" I said. "how?"

"she made a deal with me, so I could get you" Zazriel said. I turn to Isabel

"how could you, he's evil." she looked straight down embarrassed.

"I'm sorry" she said through sobs

"but Reaper would be-" I Fero cut her off "oh shut the hell up both of you" I look down at him he was crying he turns around to face Zazriel he transformed into a man wearing Jackel armor with giant razor claws

"My job is to protect Isabel and the Yeager family" Fero said he flexed his claws

"You have put them in danger, you must now be punished " he charged and slashed at him but Zazriel dodged the attack he waved his hand and Fero was thrown across the room smashing into a glass window with a loud whimper

"Fero!!!"Isabel shouted

"What a nice reunion" Zazriel said

"Oh speaking of reunions you remember Iva right?" a platform floated down from the ceiling Iva was stand on it she was holding her swords but they were huge

"say hello to the new Iva" Zazriel said she walked up to zazriel's side he stroked her hair

"Stop that!!" I shouted I charge at him again. I swing Hailfire at Zariel but Iva blocks it

"what are you doing Iva? You're supposed to be on our side." I said. She just smirked. Iva threw

the gloves. Iva then unsheathed her blades again she opened her hands and the blades hung there she flicked her hands and the giants blades started to spin I lunged in without thinking Iva just deflected me back she flicked her right hand again and the sword in the right hand flew out at me but I was too quick I rolled away, then she threw the other one and again I rolled I threw a single bolt of electricity and it hit Iva in the shoulder She froze then recoiled at the pain. 'Now is my chance to strike.' I thought.

"Hail fire: dual gold short swords." I shout. She realized that I had an opening. I was completely fast with my dual mage blades I was striking as fast as lightning. But Iva was also fast at defending my strikes. Iva pulled back her hands and her blades flew back into her hands. I suddenly locked my swords with hers.

"Iva why are you doing this." that's when I saw that her eyes were a different color. Pure silver. I yelled to Reaper.

"she's being controlled by Zazriel." Reaper nods and gets slows then charges at Zazriel. He tried to cut Zazriel in half but his sword went right through him and collided with the throne smashing it.

"Hahahahaha, fools you thought that I was here... that's hilarious." Zazriel said laughing. I elbowed Iva in the gut then hit her over the head with the butt of one of my swords. She crumpled from the impact.

"it just was a thought Projection" I said Zazriel looked at Iva and cringed.

"Damn, why do you have to keep knocking all of my minions out" Zazriel looks at Iva getting up weakly.

"Oh you're not unconscious, but you have done enough you're not my problem anymore." he snapped his fingers and Iva collapsed. He looks at me.

"Spencer I'll meet you at the Temple. Tempest will be picking you up. right about now"

Tempest's hand shoots through and grabbed me and pulls me out from the glass

"Tata" Zazriel said as I was pulled out.

"Spencer!!" Isbel shouted Reaper got up and Ran as fast as he could to the window and jumped he was very close to me but Tempest punched him back a surge of pain rolled threw my body Reaper went flying back into the golden throne

"Reaper NO!!" he shouts and he looks shocked and I saw away. As the air shifted smaller Zazriel

Appeared again on Tempest's shadow

"Oh I forgot something" he pulls a small box with a red button on it he flips the cap A red button was under it.

"watch this" he presses the button but nothing happens

"god damn it" Zazriel mutter under his breath he keeps pressing the button

"did you check the batteries" Tempest said

"shut up you think I did not check the bat-" he said as his projection opened the bottom of the device it was empty he reaches in his pocket and grabbed a small box which I figured out was the battery and shoved it into the stick

"okay okay." Zazriel said as he gathered himself

"you look right there" he pointed to the airship then her pressed the button and the back of the airship exploded I felt crushed I look slowly up at Zazriel who was laughing

"I'LL KILL YOU!!!" I shouted tears streaming down my face. I felt Lightning surging through my body. I my eyes glazed over with black Zazriel became all white I could hear two voices in my head arguing.

"Let's kill that stuck up S.O.B" a deep voice said

"No killing is bad

" said the other voice

"Ezekiel he's trying to kill us" A sudden surge of pain flowed through my body both voices and I screamed out with pain then I blacked out.

Isabel

"Spencer!!" I shout as he was pulled out the window Reaper ran after him but got smacked back in. I run over to him I see that his side was impaled he was still trying to go after Spencer.

"stop you're hurt let me fix that, this might sting." I started to freeze his wound a few minutes later I was finished. I was walking Reaper toward the window when a huge explosion's shock wave made us and Iva's unconscious body fly out the window I look down to see nothing but ocean I made a giant Ice ball that surrounded us and Iva but I blinked then me and Iva suddenly were in a crater next to a mountain. Reaper was climbing out of the hole and limping towards north. the way Tempest had gone with Spencer. A few seconds later Iva woke up with a major headache.

"what happened where are we." she said.

"all I remember is that after the battle with the dragon he kidnapped me and brought me to this Zazriel guy then I blacked out... that's all I remember...what happened while I was out?" Iva said

you were hypnotized into doing Zazriel's bidding. Spencer tried to save you but he couldn't so he knocked you out, then Zazriel "Spencer!" I said  
"Spencer tried to save me but he couldn't so he knocked me out." Iva said her face turning red.

"Well..." she said eagerly wanting to change the subject.

"what about you and Reaper...you seem close to him and he always looks red when you're so close to him."

"h-hey...don't Change the subject about me and Reaper." Reaper teleports back and looks at me and Iva. I look over at Fero he was still unconscious

"Reaper before we finish this can you bring Fero back to you're house he's too weak to continue" He just nods his head he picked up Fero then he was gone suddenly he was back then he waved both of us to come with him. Then Reaper pointed to the mountain, When Iva and me got out of crater Reaper was limping to the mountain side

"Reaper there nothing there, come on let's go find Spencer" I said. he just kept pointing at the mountain. he put both hands in front of him then he then connected his buttons of his palms. Black and red fire spat from his hands. it hit the wall of rock with a loud screeching sound, then the screeching stopped and the beam just shot through the wall. The wall changed into a doorway

"hey a door, how did you know Reaper?" I said

"I'm sorry for this" he turned around and I froze him solid.

"what did you do that for?" Iva said starting to draw her swords.

"Reaper gets weak when in the presence of holy power" I Explained

"I don't want him to get hurt, let's hurry Spencers in trouble" we Rush in leaving Reaper outside. The tunnels were small with lots of turns, but we made it to a big metal door we both pushed it open to huge room with hieroglyphs and a large flipped golden crucifix Iva noticed Spencer chained up first

"Spencer!!" we both whispered Iva run to him Spencer did not move .I shut the huge door and locked it with ice, just in case if Reaper busts his ice coffin.

"Spencer?" Iva said quietly Spencer had scars and cuts all over his body and face. She starts to walk over to him. She was a few feet away from Spencer when she heard a voice.

"Tempest just keep look out for that pesky group of maggots" I instantly recognized it to be Zazriel we both ran for A hiding spot I hid In front of a door Iva hid in a crate next to Spencer. Iva looks at Spencers chains and tries to pick lock the shackles. When she heard Zazriel coming her

way, she hid back into the crate.

"damn I can't pick the lock" she whined. "Spencer's aura being sapped by the shackles and chains. He started to turn red and his aura started to spark."

"hey quit doing that to the poor guy!" Iva said. "Zazriel is holding a whip with a lacrima inside. He starts to whip Spencer and cuts start to form on his body, his shirt and armor is being

shredded by the whip. Spencer yells in pain. Zazriel suddenly stopped and walked up and grabbed him by his chin

"Tell me all of Fairy tail's Secrets" Zazriel said Spencer just spat in Zazriel's face

"never" Spencer said Zazriel punched him in the face

"you will treat me with respect, I'm a man of the lord" he said as he turn Iva silently jumped out of the back a charged at Zazriel

"I'll kill you" she said

"whats with everybody saying that" Zazriel said as he turned around and slammed Iva into the wall next to him Iva let out a screech of pain she slid to the ground a crumpled Zazriel walked over to her he picked Iva up by her neck

"let go of her, Zazriel" I said holding ice caliber on the string of my bow.

"but why we were just starting to have fun, how about you join the fun as well." Zazriel then threw Iva at me so I dropped the bow to catch Iva. But Zazriel was suddenly next to me so when I caught Iva he slammed me into the wall I screamed out with pain I look up weakly Zazriel was walking toward me

"you are no more fun, looks like I have to get rid of you" but a giant clang made him look away another giant clang came from the door two huge dents were in it yet again on more clang came from the door and it flew off its hinges toward Zazriel. Reaper was standing in the doorway "well, well, look who came to join the party the adopted brother" Zazriel said.

Reaper

The pain was unbearable but I had to protect Isabel I heard a scream so I tried to melt the ice faster flames covered my whole body I soon broke all the ice off of me I turned and started to limp down the tunnel coming upon a giant metal door. then I hear another scream and I recognize it as Isabel's. I punch the metal door the fire surging through my hand. the door doesn't break so I punch it again I felt cracking in my right hand. I slammed my fist into the door one last time before it flew off it's hinges, crashing into the opposite wall

"well, well, look who came to join the party the adopted Brother" Zazriel said. I notice that Isabel is knocked out on the ground with Iva and Spencer has cuts all over him and I saw his aura

and angel magic being depleted. I walk over to Isabel trying not to limp but I failed and I fell I got back up and continued to walk over to her checking for broken bone

Reaper I'm fine just focus on the fight

"aw isn't that just so cute" Zazriel mocked I teleported in front of Zazriel and punched him square in the face he flew back and hit the wall with a sickening crack when he stood up his neck was snapped to the side

"nice one old chap" he said he readjusted his head with a snap

"but It's my turn" Zazriel suddenly disappeared then reappeared and punched me in the chest denting my armor and throwing me against the wall

"AArrGGhh!!!!" I shouted out in pain Zazriel pulled me up and threw me across the room then he picked me up again

"you think that you can beat a holy being like me" he punched me in the face multiple times

"we... created... God..." He said between each punch. the last punch he dropped me and it threw me in front of Isabel who was sobbing.

"you should be bowing to us note that wrathful child who you call God" Zazriel said .

"go ahead pray for mercy, bow and pray" I was crumpled down on the ground but then Time suddenly stopped.

"Reaper look up but don't get up" a familiar voice said. I look up but nothing was there then suddenly the roof got ripped off by Dark flames and everything around lit on fire. I was just floating in blackness.

"Reaper I'm guessing you know who I am after what Spencer told you" the booming voice said

"yes I am Flereous" the demon said using thought analyzation

"hello my lord" I thought sarcastically

"don't underestimate me, Reaper" Flereous said

"Zazriel is too strong for just you Reaper even without the other angel soul Ezekiel. you need to let me in with the power to defeat him, If you don't everyone you love will die like Spencer and Isabel" for a couple of seconds I just stared off into the nothingness

"Fine Flereous" I thought

"finally" he said. Flereous rolled a scroll out and a flaming pen appeared in my hand It stung while I held it I was right about to write my name

"no write your real name" Flereous said

"I don't have one" I thought

"I'll just make one up" said I wrote one

Flereous Reinhart. I flicked the pen back into his hand. then he closed his hand like he was closing a book. the paper went up in smoke. Flereous all the sudden started to laugh then he went up in smoke. I saw a shadow around me. I turned around then turned into a spear made of smoke and impaled me right in my chest. I came out of time lapse

"You should be bowing to me, so bow and ask for mercy" Zazriel said and threw down his armored foot I just caught it without thinking

"I'm not bowing to a weak pathetic canary" I said I pushed his foot up and stood up with tremendous speed then I kicked him in the chest which made Zazriel go flying in to the wall under the crucifix

"I'm Asura Reinhart the Reaper of Demons and you killed my father, Prepare to die" Zazriel grabbed the side of a wall

"you have nerves boy!" he said

"I have nerves, maybe you should of not of killed me" Flereous said using my voice. when Zazriel got out his face showed a small twinge of fear.

"You're supposed to be dead" but then he calmed down smoothing his hair back.

"well it does not matter I'm a holy being I'm not going to be stopped by you and especially a demon" he said.

"you have hallowed my name" Flereous said I felt a tingling in my feet I look down and a set of fire started to move up my legs, armor appeared were the flame touched. The fire was around my neck. suddenly my back weighed a ton I look back there was about dozen swords on my back I grabbed the biggest one the swords seemed to weigh nothing. now that I grabbed the heaviest one I saw it was a huge single edged sword with veins on it surging with black fire it was six feet long

"this is a physical essence of my soul, Asura use it wisely" Flereous said in my head I grabbed another it was smaller

"what are you doing" Flereous said

"you have your sword and I have mine" I saw my Right hand turn into a giant hand which was spewing fire from the crevices that were between my fingers and ran up my arm. I put both swords in a stance where I had my sword flipped around and flereous was slammed in the ground making hellfire shoot up which surrounded me for which I could not be seen I felt fire floating out of my eyes.

"You want to challenge me in a sword fight, ha don't make me laugh" Zazriel said with a chuckle a sword in it's sheath hovered in front of Zazriel he grabbed it and drew the blade. it had a three

lined crucifix he said that some type of holy water

"Asura that's a holy sword" Flereous said in my head

"what's the water" I asked

"It's holy water it's causes" Flereous said in my head "demon kind" I cringed for a second. Zazriel seemed to notice that

"Oh scared are we, what happened to Reaper of demons how long do you think you will last before you start begging for my mercy." but I gained my confidence back he charged at me. As he charged at me I put Flereous's sword away he swung his sword at my head I just caught it. my hand started to smoke Zazriel smirked

"Oh aw the searing pain" he said. I just look at him while still holding on to the sword.h He then let go of the sword with a fear striked face I squeeze my hand and the sword breaks into hundreds of pieces that scattered all over the floor Zazriel fell back I was walking toward him he was scurrying backward

"Okay I'm sorry for killing your father they were just orders" He said terrified

"You looked like you enjoyed it" I said advancing faster

"Hey you come to love the job, Right?" He said with a chuckle. he hit the wall. I grabbed him by his neck a lifted him up

"don't do this you will regret this" Zazriel said I put away my sword and grabbed Flereous's soul

"do it Asura skewer this pig" Flereous said I shoved Flereous's sword into Zazriel

"It's over it's finally over" I sighed I fell on my knees the armor drained off of me I almost fell back but Isabel ran up behind me catching my fall

"Ha look who's awake" I said weakly. I realized that she was crying

"I thought you were going to die" she said but suddenly I was thrown across the room I slammed into a wall which I felt my ribs get crushed

"Argh!!" I screamed out Isabel ran over to me

"Are you okay Reaper" Isabel said through sobs. I felt the pressure of extreme demonic power radiating from Zazriel's body. Just then I noticed a dark shadow of a demon appeared out of Zazriel's body he was wearing full body armor with a black fur lined cape and in between the crevices red light was emitted there was also a sword with a upside down crucifix on his giant claymore.

"I've been in that body for far too long" He said he looked right at me

"Well well well look who it is Flereous demon god of fire inside of a child how pathetic are you." It said.

"Alastor" Flereous said. "who is he?" I said "Alastor is the prince of hell" Flereous said in my mind

"I escaped from him and made sure of him and his father Lucif." he said while holding his sword

"You're going to regret ever crossing me Alastor" I said

"Hey" He looks at Spencer

"You leave my little brother"

Spencer

"Fine but after I put you out of your misery" Alastor said looking at my wounds.

"I'll kill your brother, I'll see you in hell boy" he swung his claymore at Spencer.

"nooooo" I yelled. Just then Spencer's shackles started to release dark energy and released a black sonic boom which knocked the demon back.

"what the hell I thought you were done and had no power" the shackles holding Spencer started to break off and incinerate one by one. When they all were off Spencer fell. He got up and he rolled his neck with the sounds of cracks he starts walking toward Alastor with his face silhouetted.

"So...you have been working with Zazriel..." Spencer said with a demonic voice. Another face was starting to form on his, his eyes were black with gold irises now instead of blue.

"Well demon Prepare to die!!"

30 minutes ago

After Zazriel stopped hitting me with the whip I start to black out.

When I woke up I was on top of dark storm cells.

"well I see that you woke up finally...get up now." someone said.

"who said that,who are you?" I said.

"You should know me Spencer I've been living in your soul with Ezekiel for years." the voice said.

"wait you're-" I said.

"yes I'm Azazel the angel of death and, blah blah blah."Azazel interrupted.

"where am I,why am I here?" I said. "you're in your own soul kid, Ezekiel and I live here, since Ezekiel booked the first chance he got I sensed something else inside of Zazriel" Azazel said.

"what was it?" I said. "Alastor the prince of hell he is inside Zazriel's soul." Azazel said.

"why, why is the prince of hell working with an angel like Zazriel?" I said angrily. Lightning struck next to Azazel.

"yikes watch it calm down." he said annoyed.

"Listen the reason why I brought you here is because I want to kill Alastor for helping Zazriel take my angelic brother Ezekiel...we have something in common ...we can make a deal,I'll let you use my powers so you and I can kill Alastor."

"I agree let's do it." I said with a smirk. I woke up to see Reaper impale Zazriel with a giant blood

red sword. Few seconds later Reaper collapsed and Isabel was holding him. I didn't hear what they said but suddenly I sensed... See more of Story Wars ...Zazriel's body he started to walk over to Reaper,he drew his

"You leave my little brother alone, you take me on instead you SOB" Alastor walked over to me  
"Fine but after I put you out of your misery" Alastor said looking at my wounds  
"I'll kill you're brother, I'll see you in hell boy" he swung his claymore at Spencer.  
"nooooo" Reaper yelled.

"now's our chance use my power." Azazel said. I tapped into Azazel's power and started to release dark energy. I threw Alastor back with a black shockwave.

"what the hell I thought you were done and had no power" the shackles holding me started to break off and incinerate one by one. When they all were off I fell. I got up and I rolled my neck with the sounds of cracks I start walking toward Alastor with my face silhouetted.

"So...you have been working with Zazriel..." I said with a demonic voice. Another face was starting to form on mine , my eyes were black with gold irises now instead of brown.

"Well demon Prepare to die!!" I said demonically. I summon Hailfire into a scythe then rushed at him with blinding speed. I threw down the blade but Alastor blocked and he slid back a couple feet dust shooting up into his face. the mask fully formed over my face two giant horns grew from the mask and a hood folded over.

"time to die" I said in a different voice.

"deaths light" I yelled and a black lightning bolt shot out of my hand and struck alastor in the chest .

"you... you can't win against a son of Lucifer." alastor said.

"but you know wants worse you can't beat death." I said with a smirk. A dark Aura started filling the room. I look down to see that I have a black and gold armor on.

"Azazel...we don't have to do this you can join me and you're father and together we can rule the world.

"alastor said in an attempt to turn Azazel.

"no... I have been on better adventures with the boy than I would have with you." Azazel said with my voice.

"what you're telling me that my father is not in heaven" Alastor got up and backed away from Azazel and me. I swiftly ran up to him and swung hailfire at him. Alastor dodged and punched me in the face but the mask shielded me from the blow. Half of the mask is gone but I was still

"well then I'll just have to do this." I walk over to him. Hailfire returned back into a sword I could feel my power begin to fade.

"Azazel what's going on" I thought. no answer a sharp pain shot up from my side. I fall down. Alastor walked over to me his hand was behind his back he revealed a large dagger coated in a neon green ooze.

"before you say that I cheated or how that is not fair let me say that-" I cut him off by plunging hailfire in alastor.

"poison doesn't work on me...I'll see you in hell alastor,oh and tell your father I said hello." I said smiling.

"I'll wait for the day you get to hell, I'll torture you till I get bored and I don't get bored easily." he said disappearing. A few seconds later he vanished into the ground. I rip the mask off my face and shattered on the ground walk over to where Isabel and Reaper were. I look over to see Iva still laying on the ground. I fell forward and passed out. Reaper crawls up to me and checks to see if I'm alright.

As Isabel healed Spencer's wounds I set up bombs around each pillar holding up the ceiling so no one would ever find this evil place I walk over to Zazriel's dead body. I felt kinda bad for him I put my sword in front of me I crouch down one hand on my sword. I made a small prayer for him. I stood back up and sheathed the blade. Isabel called me back over spencer was coughing uncontrollably.

"whoa calm down you finished Alastor" he tried to sit up but he fell back holding his wound.

"R-Reaper? y-you can talk how d-did that happen?" Spencer stuttered

"maybe letting Flereous in fixed my voice" I said.

"and my name is Asura"

"Asura" isabel said

"I like it" she grabbed my arm and squeezed

"ow" I said.we all laughed. Iva groaned as she was getting up. Isabel set me down to help Iva up.

"ugh I have such a headache" Iva said. We all laughed again. Then Iva got serious.

"so what happened to my ship" Iva asked we all instantly stopped laughing grim expressions appeared on our faces

"what?" Iva said

"your ship blew up" Spencer said. Iva looked up at Spencer then the ceiling, her eyes slowly widened. Iva looked down at Spencer smacking him.

"ow,ow,ow... Reaper get her off me"

"it's Asura" I said as I pulled her off of Spencer.

"you blew my ship up." she screamed.

"it's not my fault it was Tempest and Zazriel." Spencer said in pain. I let Iva go.

"great now I don't have a crew or a home anymore." Iva said angrily.

"speaking of home... we also don't have one guys." Isabel said sadly while helping Spencer up.

"that's right we quit then ran away from the guild." Spencer said grimly.

"what guild are you talking about?" Iva said.

"the greatest guild ever... Fairy tail... wait we were kicked out" Isabel said. She turns to face me.

"yeah we disobeyed makarov so we got kicked out" I said. Isabel looked down. I scoot over to her and put my arm around her

"you let go of her" all of us turn around to see Isabel's parents wearing dirty noble clothes she instantly gets up and runs over to them. I also get up I walk to them.

"It's so good to see you okay" Isabel was saying.

"you to snowflake" Isabel's father said.

"Dad not in front of my friends" Isabel Isabel's parents look over her shoulder at us. I wave back nervously. "he's a little shifty with all that black" her dad said.

"hey he's my friend" Isabel said

"but he is a bit shifty" she said quietly the three started to laugh I pick Spencer up Isabel turns around she points at me

"that's Rea-" she stopped

"Asura" she said winking

"and Spencer they are brothers, that's Iva shes a pirate" she said moving down the line

"where's Fero?" her mother asked

"he got hurt in a fight we were in" Isabel responded.

"you were in a fight?" both of Isabel's parents shouted.

"it's okay I didn't get hurt Asura protected me." she said. her father moved her aside. he walked straight up to me looked me straight in the face he stuck his hand out.

"nice to meet you Asura." he said. then he goes over to Spencer and whispers to him . "be careful with your brother he's still shifty" he said

"..."

"Hey!!" Spencer said. Iva latched onto my arm.

"I like you" she said and kissed Spencer on the cheek. Spencer's face turned bright red. I laugh and tried walking but I tripped.

"I gotcha" she said. she helped him up. We got out of the cave and we were out suddenly tempest landed in front of us hearing faint gasps from Isabel's parents.

"I'm not here to fight" the dragon said.

"then why are you here" I said

"I'm here to thank you, for freeing me from that madman's curse " he bowed his head.

"you're welcome" Spencer said. "hey do you think you could bring Isabel's parents, Isabel and Iva back to fiore?" he said. "I'll gladly take the two girls and her parents."

"but what about you guys?" Iva said obviously worried. "we have some unfinished business with this place." Spencer said. "we will meet you at the docks." I said. We helped Isabel, Iva and Isabel's parents up onto Tempests back.

"you guys will come back will you?" Isabel said.

" we will" Spencer said. Iva jumped off tempest's back and hugged me and Spencer .

"you better come back or I'm going to find you." she said. Spencer picked Iva up and put her on tempests back. we turn around as Tempest takes off as they were far away I flick my fingers. we could hear giant explosions come from in the cave little wisps of black fire emit from the hole in the mountain soon the entrance crumbled into giant pile of rock.

"what happened after" Lucy said "after many upon many dates Ausra and Isabel got married so did Spencer and Iva all three of them are the Guild masters of the devils huntsman, and I think Isabel and Ausra had a girl named Wynnter and Spencer had one too his name is Jackson"
